

Transaction and Fintech and Procurement Solution (CA+Law Integrated)

Procurement transactional advisory is based on accounting language and all disputes, conflict resolution is based on reflection of law with application of mind on case by case basis.

Procurement is based on civil law, mercantile law, administrative law and other provisions.

Administration faces various problems about decision making and replying to queries and solving problem.

Problem statements arising out of case, transaction has consequences. Haffkine is agent and legal person. In eye of law legal person stands on its own.

At present decisions are taken by Doctors as manager and GM /FM to best of what they can.

Haffkine needs specialised dedicated

Fintech support.

Fintech is defined in GOM policy. It is integrated advisory where CA , finance, law and experts advise is given by firm with system integrator and aggregator basis with public accountability coterminous with public servant.

All details, cases are enclosed in PAG dossier and available in office.

Bidders for this EOI and scope of work are advised to study TAC and TFC history for better understanding.
