Annexure -I

Sr. No.	Technical specifications/composition of tender enquiry
1.	Actuators:
	All functions are operated by very high torque 10000N D.C actuators, fully imported and not assembled here.
	This very efficient electro mechanical system, assures zero maintenance and fluid free system. •
	Whereas other companies use only 6000N actuators od D.C motor assembled here.
2.	Electronics:
	The controllers, Handsets, Cables, Actuators are all designed to handle 10000N actuator and are all imported. It is totally concealed system with inbuilt limit switches and interconnecting wires also inbuilt.
	Whereas other companies use gear motor with self-designed screw rod which needs to be lubricated every now and then and external limit switches physically visible tending to more damages.
3	Column:
	Equipped with very precision self-lubricating, weld less and joint less STEEL column which assures trouble free, jerk less and high load carry capacity.
	The mechanical and dynamic strength of the steel column is better than aluminium.
	Whereas other companies use welded and fabricated columns or aluminium columns.
4	Wheels:
	The entire table is mounted on imported four twin disc central lock castors for better stability and more load carrying.
	The wheels are made of polyurethane which assures scratch free modular compatible floor.
5	Base:
	Aesthetically and scientifically designed 'T' shaped ABS base provides maximum leg space and comfort to the operating surgeons and assisting team.
	The bottom of the base is also covered by ABS covers which assures rust free and prevents water and dust from entering inside.
	There are no slots or holes in the entire ABS covers. Whereas the other companies have an open bottom base.
6	Table top:
	The table top is reversible and it assures C - arm compatibility for all the surgeries.
	The table top is made out of special radiolucent strong fiber material
	Polyurethane molded cushion provides extreme comfort to the patient and prevents from slipping off while shifting patient.

Sr. No.	Technical specifications/composition of tender enquiry
7	Power brakes:
	The braking and unbraking of the table can be achieved electrically either through the handset or through the overrides panel.
8	Override panel:
	The table is provided with an electronic override panel, mounted on the column of the table.
	The override panel is mounted on an easy to access location.
	In case of remote failure, all the movements can be accessed through the override panel.
9	Zero function:
	The table has an incorporated zero position.
	The zero function access is available both on the handset and override panel.
	On pressing the zero button, the table can be brought to a flat position
10	Battery backup:
	The table comes with an inbuilt standby battery backup. • The status of the battery can be viewed in the override panel.
11	Material:
	The table and accessories are made of S.S 304.
12	Power Supply: 220 V, 5 Amps domestic power supply is required.
